WELCOME TO SOVARO

Congratulations and welcome to the SOVARO family. SOVARO luxury coolers combine the austere beauty and natural insulating properties of cork with a full suite of functional, innovative, and versatile considerations for wherever life takes you.

REGISTER YOUR COOLER

Registering your cooler is required for warranty and parts support. Each cooler is assigned a unique ID number, but SOVARO does not link customer information to the cooler ID number unless it is registered. Open the lid of your cooler to find the SOVARO ID plate in the bottom left corner. Register today at sovaro.com/register and upload an image of your receipt for easy verification of your purchase date.

ACCESSORIES

OPTIONAL DIVIDER
Organization is an art form. Each supplemental divider offers new opportunities to arrange.*

PREP TRAY
In addition to providing greater interior security, this tray is the perfect place to store fruit and garnishes, with a lid that doubles as a cutting board and mixing station.

*NOTE:

Each cooler comes with a complimentary divider. The 45 quart and 70 quart models have space to utilize two dividers at one time. Additional dividers are available for purchase at sovaro.com. Clear dividers are removable and do not create a water-tight seal.

THE SOVARO DIFFERENCE:INSIDE

The key to keeping a cooler cold is to keep heat out. With flawless form and faultless function, SOVARO coolers are engineered to achieve superior performance.

ONE-TOUCH LATCH

One-touch latch ensures a tight seal, keeping contents safe during transport.

TRANSPARENT LINER

Scratch resistant and easy to clean, this inner liner provides a protective shell to preserve the natural beauty of the cork.

CORK INSULATION

In addition to being a natural insulator, cork is impermeable to gas and liquid, doesn't attract mold or mildew, and won't break down over time.

AIR-TIGHT RUBBER GASKET

Locks cold air in to ensure a perfect seal with each use.

INTERIOR HEIGHT

Cooler interior measures at least 13.5" high, spacious enough to store wine or spirits bottles upright.

FOUR-LAYER WALLS

Polycarbonate inner and outer casing, thick cork insulation, and a radiant barrier that blocks up to 97% of heat from the sun.

TRANSPARENT DIVIDER

Each cooler includes one removable divider for easy organization.

THE SOVARO DIFFERENCE: OUTSIDE

Feature rich yet elegant in their simplicity, SOVARO coolers offer uncompromised style and performance wherever life takes you, be it an intimate backyard gathering or exclusive oceanfront event.

TIPS TO GET THE BEST RESULTS FROM YOUR SOVARO COOLER

1. Store cooler inside prior to use.
2. Pre-chill items before placing in cooler.
3. Choose larger ice, as small or crushed ice melts faster.
4. Do not drain cold water out of the cooler. It can substantially help in keeping contents cold.
5. Keep cooler in shade as much as possible when in use.
6. Limit the amount of time the lid is open. This helps keep the cold air in.
7. Protect perishable food in sealed containers.
8. Place ice in the cooler after contents for optimal use of space.

CLEANING AND STORING YOUR SOVARO COOLER

Clean product with mild soap and water using a non-abrasive cloth.

Do not use hard bristle brushes, bleach, ammonia, or other caustic cleaners.

Do not use cleaners containing bleach, ammonia, or caustic ingredients.

Remove all water and air dry cooler with lid open before storing in a cool dry place.

ADDITIONAL FEATURES

Each SOVARO cooler uses a drain plug system for hose hook-up and removable cap for easy drainage.

TIGHTEN CAP BEFORE USE

REVERSIBLE BOTTOM PAD

Choose non-marring rubber on one side for grip, or smooth plastic on the other for easy sliding. Each cooler ships with the rubber grip facing out. To switch to the plastic side, remove the three screws and flip the foot over. Repeat for all four feet.
